1. On 5 Feb., at the request of I served 25X1A as a critic in a conference concerned with the selection, assessment, and evaluation of agents for a contemplated operation. In addition the fellowing persons were present: 25X1A9a The latter two are the authors of the plan, with playing the major role. Apparently some of my suggestions and criticisms were considered important. They have been instructed to contact for further assistance on training problems.

2. At the suggestion of we have begun a program The tests are given in order to determine if the applicant has a 'The tests are given in order to determine if the applicant has a good chance of passing the OCS qualifying examinations. Four such capplicants have been tested this week.

3. On the morning of 4 Feb/ participated in a meeting of the dissolved "Working Group on Employee Rating" to assist in the formaration of a statement requesting CIA exemption from a review by the Ecivil Service Commission of the Personnel Evaluation Report. If such exemption is not secured, the possibility must be faced that the CREATION DATE OF THE COND. Civil Service Commission can, at its discretion, insist upon reviewing not only the Personnel Evaluation Report but also assessment reports and training evaluations.

4. On 1 Feb., 25 students were tested for the UTG/A and for the Russian language programs. All tests have been scored and results summarized.

the week. 5. Six professional trainee applicants have been tested during

6. A fair proportion of time has been spent this week in holding interviews with applicants or employees discussing evaluation procedures, and on conferences concerning the D Street program.

7. We are continuing our validity and item analysis studies of Logical Reasoning and our validity study of the Guilford-Zimmerman Temperament Survey Questionnaire.
